

Law Firm Visit 2023

In 2023, Makarim & Taira S. collaborated with some of Indonesia's top universities and members of the Asian Law Students Association (ALSA) to help prepare law students for international competitions and provide hands-on legal experience.

We hosted students from Universitas Katolik Parahyangan for their "Law Firm Visit 2023" on 6 October 2023 and Universitas Airlangga for their "ALSA Visit 2023" on 12 July 2023.

In collaboration with Parahyangan International Law Society (PILS), we also conducted a "Legal Writing Workshop" on 26 September 2023, preparing students for international moot court competitions.

The programs featured interactive workshops, informative sharing sessions, and an office tour. Students had the opportunity to gain practical experience, learn from experts, and explore our vibrant work environment.

These interactions bridged the gap between theory and practice, making the legal profession more accessible. We also enjoyed sharing our time with Indonesia's future legal talents and look forward to their continuing development.
