

Lia Alizia, Rahayu Hoed & Vincent Lie Listed among the Asia Business Law Journal Indonesia's Top 100 Lawyers

[Asia Business Law Journal](#) has released the A-List Indonesia's 2021 Top 100 Lawyers. The A-List is based on extensive research conducted by the Asia Business Law Journal, in which thousands of in-house counsel in Indonesia and around the world, as well as Indonesia-focused partners at international law firms, are asked to nominate private-practice lawyers for the list, combined with the Asia Business Law Journal's 30 years of editorial experience in documenting and analyzing Indonesia's legal market.

For the 4th consecutive year, our Managing Partner, [Lia Alizia](#), our Partners, [Rahayu Ningsih Hoed](#) and [Vincent Ariesta Lie](#), are listed among the Asia Business Law Journal Indonesia's Top 100 Lawyers. Undoubtedly, this accomplishment is a reflection of their impressive and consistent commitment to providing high quality legal services to their clients. For [Makarim & Taira S.](#), this proves that one of the firm's strengths is its position as a long-established firm with a multi-generational team of lawyers working together and bringing the best of their worlds to its efforts, providing clients with more than 40 years of collective experience and extensive knowledge that goes beyond legal matters.

The [Asia Business Law Journal](#) describes this elite group as 'a portrait of exceptional Indonesian lawyers, who are not only highly experienced in their fields and responsive in providing services, but are also capable of meeting clients' needs and reliably guiding their projects forward in these uncertain times.'

It is a great honor to be consistently recognized by our clients, and by the legal community as a whole, for our work and services. We certainly hope to keep on providing value-creating solutions and thoughtful advice to our clients for many years to come.
