

Makarim & Taira S. ISO Certified

“Quality is never an accident. It is always the result of high intention, sincere effort, intelligent direction, and skillful execution. It represents the wise choice of many alternatives.” – William A. Foster.

When it comes to quality, the sky is the limit. That is why, despite the firm's long-established position in the field, we continue to strive to find ways to improve the quality of the services which we provide our clients. Recently, Makarim & Taira S. successfully completed our certification for the International Organization for Standardization (ISO) by TUV NORD Indonesia. The firm underwent a comprehensive and meticulous audit by an independent 3rd party and demonstrated that its business satisfies the requirements according to the latest quality standards set by the International Standards Organization. Our certification also shows that the firm has remained up-to-date on the latest industry standards and regulations while taking the appropriate steps and maintaining the documentation needed to improve and maintain its operations.

Therefore, it is with great pride that we announce that Makarim & Taira S. is ISO 9001:2015 and ISO 27001:2013 Certified.

ISO 9001:2015 is an International Standard that sets certain standards for an organization's quality management system (QMS). The implementation and effectiveness of the management system are reviewed on site by a competent audit team through interviews and sampling evidence of the implementation and effectiveness of the management system. Meanwhile, ISO 27001:2013 sets the standards for establishing, implementing, maintaining and continually improving an information security management system within an organization. It also sets standards for the assessment and treatment of information security risks tailored to the needs of the organization.

Recognition for this accomplishment is due to our teams who have shown exemplary professionalism and commitment throughout the certification process and to our valuable clients, peers and friends who have always been supportive throughout the years. Let this be the beginning of a more rewarding journey ahead.
