Celebrating M&T's 44th Anniversary with 'Learning @ Makarim'

Celebrating M&T's 44th Anniversary with 'Learning @ Makarim'

On October 31, 2024, we celebrated M&T's 44th anniversary with a legal workshop in collaboration with the national chapter of the [Asian Law Students' Association \(ALSA\) National Chapter Indonesia](#). This event brought together ALSA members from across Indonesia, including Bali, Jember, Semarang, Yogyakarta, Lampung, Aceh, Depok, Surabaya, Bandung, Malang, and Padang, for a day of learning and hands-on experience at our office.

Our Senior Partner, [Rahayu Ningsih Hoed](#), delivered an insightful session on "Asset Acquisition," sharing her decades of real-world expertise and non-textbook knowledge. Following this, participants engaged in a practical workshop led by Senior Associate [Puspa Lestari](#), along with Associates [Rininta Shafira](#), [Novena Clementine Manullang](#), [Lazuardy Thariq](#), [Ivan Juan Alfreda](#), and [Joshua Greenspan Banjarnahor](#). Divided into six groups, students had the opportunity to practice negotiation skills and agreement drafting in a collaborative setting.

The event was made possible through ALSA's dedicated preparation, including months of planning and a thoughtful selection of participants from each chapter. Their efforts helped bring together a dynamic group of law students eager to learn and engage.

We extend our sincere thanks to each participant for their enthusiasm and hard work. Special recognition goes to Haydar from Universitas Padjadjaran (Bandung) and Nicholas Aurelius Karosta from [Universitas Gadjah Mada \(UGM\)](#) (Yogyakarta), who stood out for their performance. Both will be invited to join our internship program at Makarim & Taira S.

We believe learning is a journey, not a destination, and each participant is a winner whose dedication we deeply value. Our heartfelt thanks to ALSA Indonesia and all attendees for making this event a success. We look forward to future collaborations and shared learning experiences.
