

M&T Shares Insights on the Law Profession to Aspiring Lawyers from UNTAR

Makarim & Taira S. welcomed law students from Universitas Tarumanagara (UNTAR) last 19 October 2019. This is part of their Law Firm Visit program under the Legal Aid Center and Law Consultation of UNTAR's Faculty of Law.

Thirty aspiring lawyers convened as our partners [Lina Amran](#) and [Vincent Ariesta Lie](#), together with our associates Hilda Leswara, Willy Wibowo, and Rininta Shafira, shared their experiences about what it's like to be a lawyer. They talked about why they chose to pursue their law careers, how work-life-balance is attained, and how they deliver service excellence to clients. They also gave practical tips on drafting a contract, including the do's and don'ts in handling this kind of work. The session enabled the participants to receive real insights so they, too, can attain personally fulfilling, and intellectually rewarding careers in law.
