

Vincent Ariesta Lie Shares Insights on Indonesian Strata Laws at 2025 International Strata Symposium

Makarim & Taira S. was honored to take part in the 2025 International Strata Symposium, organized by REHDA Institute and held in Petaling Jaya, Malaysia, on 8–9 April.

Our Partner, [Vincent Ariesta Lie](#), was invited to be one of the speakers and delivered a presentation on “The Evolution of Strata Laws in Indonesia: Current Frameworks and Future Reforms.” He was joined by our Senior Associate, Pudiahwai [Willy Wibowo](#), who also represented the firm in the event.

The symposium brought together legal and industry experts from Malaysia, Singapore, Hong Kong, Australia, Vietnam, and Indonesia to explore key developments and best practices in strata governance and property management across the region.

We extend our thanks to REHDA Institute for the opportunity, and to all the speakers and participants for their contributions to the insightful conversations and collaborative spirit that made the event so successful.
